Re: *Request For Extension For Submittal Of Assessment Of Corrective Measures For The MSW Landfill*
Henderson County Closed MSW Landfill
Solid Waste Section Permit Number 45-01
DIN 17732

Dear Mr. Jones:

The Solid Waste Section has completed a review of the *Request For Extension For Submittal Of Assessment Of Corrective Measures For The MSW Landfill* letter (DIN 17731) dated November 13, 2012 and received on November 19, 2012. The letter was submitted on behalf of Henderson County by Golder Associates NC, Inc.

On October 18, 2012, the Solid Waste Section approved the *Nature and Extent Study: Detections of Volatile Organic Compounds in Groundwater* dated July 23, 2012 (DIN 17440 and 17474). In accordance with 15A NCAC 13B .1635, the Solid Waste Section required Henderson County to perform an Assessment of Corrective Measures. The Assessment of Corrective Measures was to be submitted within 90 days of the October 18, 2012 letter.

Within the *Request For Extension For Submittal Of Assessment Of Corrective Measures For The MSW Landfill*, the County is requesting an extension to allow the Assessment of Corrective Measures to be submitted within 180 days of the October 18, 2012 letter to provide time to notify all persons who own or reside on the land that directly overlies or potentially overlies part of the contaminant plume. The additional time would also be used to further evaluate offsite groundwater flow conditions and obtain more information about potential receptors.

As a result, the *Request For Extension For Submittal Of Assessment Of Corrective Measures For The MSW Landfill* is approved as described.

If you have any questions or concerns regarding this letter, please contact me at 919-707-8294 or by email at jaclynne.drummond@ncdenr.gov. Thank you for your continued cooperation with this matter.
